Subject: Subpart W Options Selection Status

I just completed briefing my senior management on the options selections for Subpart W. I was directed to make one change in the option on (b)(5) - Deliberative Process Privilege

I am in the process of revising the briefing for the options selection meeting. It will be a lot shorter, and will deal specifically with the two issues at hand, since we had reached agreement on the other issues, which were provided as background for briefing you management. I hope to have it to you on Monday. As always, thank you for your continued participation.
